

Weekly Announcements

Monday, August 16, 2021

1 | Page

Welcome back to Weekly Announcements! If you are new to Sedalia, every week on Thursday or Friday we will send out Weekly Announcements. It will contain information about what is going on at school and around the community. Here at Sedalia we pride ourselves at being a sustainable school so we cut back our paper consumption by not sending home flyers. Everything is sent out electronically. If you happen to miss a week, you can find it on our website under the Quick Links> WA Weekly Announcements at the bottom of the front page or a link will be at the bottom of WA's for archived announcements.

EXPRESS CHECK IN... If you have not completed express check in PLEASE do so as soon as possible. It needs to be completed every year for every student. Make sure you have emergency contacts updated as well. Per district policy, we ask for 3 contacts with a minimum of 1 contact. Thank you to all the parents that have already completed it!

Picture Day is coming up! Monday, August 30, 2021. Look for order forms coming home soon!

To ensure the safety of our students and staff, it is critical to follow a **lightning dismissal** protocol if lightning is present in the area at the end of our school day. You will receive an email, a pre-recorded telephone call, and a text message informing you of the lightning dismissal.

If a lightning dismissal is called, the following will occur:

- Bus riders will be released as normal. DCSD Transportation will make a decision if busses cannot travel safely to their destination. Bus parents will be notified directly by DCSD Transportation should that be the case.
- If your child walks home or you pick up your child, you will have to come inside and go to the classroom to sign out your student.
- PLEASE NOTE: Once lightning has cleared the area, we will release students to walk home as normal. We will call a lightning dismissal as soon as we know that lightning is in the area and close enough that it is unsafe. As soon as lightning dismissal is called, you can come to school to begin to get your students.

Thank you for your help in keeping all of our students safe.
